Class Attendance

Please give your dog time to be toileted, check the surroundings out and settle down. Calm, focussed dogs and handlers have a greater learning experience than dogs and handlers that are rushed or distracted. Arriving late and rushing into class is not good for you or the dog. This is a new environment with lots of people and dogs, and your dog needs time to adjust to the area and greet their doggy friends.

Arrival at the Clubrooms

Each week please arrive at the Clubrooms at least 15 mins before the scheduled Class start time. Parking in the area at times can take some time to find and may result in requiring a short walk to the Club from surrounding streets.

Arriving early allows time for you to

- check in at the table,
- toilet your dog
- check the surroundings out and settle your dog down.

Arriving late and rushing into class is not good for you or the dog. This is an exciting/ stressful environment with lots of people and dogs, and your dog needs time to adjust to the area and greet their doggy and human friends.

Parking in the area at times can take some time to find and may result in requiring a short walk to the Club from surrounding streets.

The class will take 45 minutes and will commence promptly at the scheduled times, latecomers may not be permitted to enter the class.

Name Badges

Members Name Badges are used to identify approved members and dogs and **must be worn and clearly visible at all times** when attending NODC activities. Replacement Badges are available from the NODC Office if required. Name Badges must only be worn by the nominated member – swapping of badges is not permitted

What to Bring

Along with your dog please bring with you:

- Your dog's favourite reward - toy or food (or both). See below for examples.
- A treat pouch, bum-bug or clothing with suitable accessible pockets (to allow for quick reward). Please do not use a cross body or shoulder bag that swings forward as you lean over;
- Your usual collar (Flat collar, Martingale, Slip collar). Harness are not permitted without the approval of a NODC Training Co-ordinator.
- Leads of webbing, fabric or leather of not more than 1.2m in length with a quick release fastener. Leads that are excessive in length are hazardous to safe handling of the dog during exercises. Lead size and weight should be appropriate to the weight and the size of the dog and should be comfortable to grip securely.) **Retractable leads are not permitted;**
- Please remove any poo bag containers if they are hanging on your lead as they can be very distracting and get in the way.

Wear comfortable clothing that does not flap or flutter around the dogs head and cause a distraction (ie loose or dangling scarves, coats, skirts made of lightweight material, or shirts with loose cuffs)

Closed toe shoes with outdoor soles suitable for walking, and turning (eg Trail shoes, Runners or Walking shoes)

(Note Scuffs, Clogs or Thongs are not suitable for class activities and should not be worn)

Training Rewards

There are some rules about what rewards can be used in class to ensure everyone is safe, and not distracted by other dogs or handlers (or their rewards).

Rewards allowed in class:

- Verbal and physical praise (pats, tickle behind the ear, talking to your dog);
- Food - (small, soft, easily chewed or swallowed, eg chicken loaf, twiggy sticks, lactose free cheese);
- Toy - that can fit in pockets (ball, soft, furry that you can show or engage with dog (subject to rules below); and remember –
 - No noisy toys, eg squeaky toys or clickers;
 - No toys that are thrown in class, eg frisbee;
 - No toys that will distract another dog;
 - **No dropping of food;**
 - No food that breaks up or shatters (eg hard dog biscuit or roast chicken);
 - No chewy food that takes a while to chew or swallow (eg pigs ears);
 - Keep food and toys hidden in pockets/bum-bag/bag – ie not on display.

If you are using food as your reward, and you normally feed your dog breakfast or lunch, please cut that out on class days. If you feed 3 meals just cut out the lunch one. You should make allowance for any food given in class or practice at home and modify the amount of their normal diet.

Class Methodology

Our class methodology is to provide information and assist you to learn how to train your dog. We do this in a group situation with members and their dogs. The NODC Instructor will provide information and may demonstrate class activities or exercises and then will ask members to repeat the exercises, some exercises will be part of a group, others may be done as "one on one" exercises.

Class promotions are done as team promotions (ie: Member and Dog) as they are a team, Dual or Family members may be promoted at differing times due to individuals having differing abilities. Class promotions are done based demonstration of skills and competencies in class and will be at the discretion of a NODC Instructor or Training Co-ordinator

If you believe your dog has specific behavioural issues (generally shyness or reactivity) please feel free to discuss this with your Instructor or contact our Training team (training@northcoteobediencedogclub.org.au) and they will be able to provide advice to you about the best way to bring you dog to the clubrooms and minimise the stress and anxiety.
